Acconeer joins SoftBank “IoT Partnership Program”

The radar technology company Acconeer AB has joined SoftBank “IoT Partnership Program.” SoftBank is a world leading telecommunication company in Japan involved in technology sectors AI, smart robotics, IoT and cloud security.

Acconeer’s world leading radar sensor will be included in SoftBank’s partnership program and be displayed to SoftBank vendors on SoftBank homepage as a recommended sensor.

Lars Lindell, CEO of Acconeer, comments “We are extremely excited over the possibilities we see in Japan and very proud over the fact that SoftBank wants to endorse our product, there is still a long way to go until this possibly will lead to tangible results for Acconeer but it is great result for our team in Japan”.

About Acconeer AB

Acconeer is a leading radar sensor company based in Lund, south Sweden, in Ideon, the country’s hottest region for wireless technologies. Acconeer is developing a truly leading ultra-low power, high precision 3D sensor which will revolutionize the way that mobile devices interpret their surroundings. Acconeer’s ultra-low power and millimeter precision sensor will be a robust and cost-effective solution for applications ranging from virtual reality and gaming to security and robot control. Information from the sensor can also be used to identify different materials, these are just some examples of the wide range of possibilities of application areas for the sensor. Acconeer is listed on Nasdaq First North Stockholm with the ticker code ACCON, Redeye is the company’s Certified Advisor (CA).
